### **DETAILED ACTION**

Applicants' response, which included cancellation of claims 1-28, 32-33 and amendment to claims 29-31, filed on 12/15/2003, is made of record.

Claims 29-31 are pending.

Upon further consideration, the following is applied:

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 29-30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

1. Claim 29 recites the phrase " its tautomeric forms, its stereoisomers, its polymorphs, its pharmaceutically acceptable salts or its pharmaceutically acceptable solvates" which renders the claim indefinite, as it is not clear whether it is compound claim or composition claim. Note all Markush choices are in plural.
2. The same reason # 1 applies to species claim 30 recites "its salts" for every species. Again note all Markush choices are in plural.

Due time constrain, examiner could not reach applicants counselor to for authorization do an examiner's amendment.

Art Unit: 1624

***Allowable Subject Matter***

Claim 31 would be allowed. Said claim would be allowable as prior art search in the related area did not teach or suggest instant method of use for the compounds embraced in the claim 31.

This action is not made FINAL.
